ABJET

Powered by ROTAX Engines!!

To ensure the highest level of quality, AB handcrafts each ABJET from start to finish at the AB factory. From design and mold construction to the lamination of the hull and deck, AB oversees the entire production process to guarantee even the smallest details are handled with care. With a wide range of color and texture options for upholstery, inflatable tubes and accessories (many of which are included as standard), you can truly make any ABJET your own.
