## **KITS BOAT SALES LTD.**

The ACHILLES boating Experience begins with the best inflatable boat fabric, designs and options and ends with unsurpassed customer support for as long as you own your boat. It all starts with an exterior coating of our custom CSM over a heavy duty fabric which makes our inflatables virtually impervious to the elements, oil, gasoline and abrasions. It ends with two interior coatings of Chloroprene for unsurpassed air retention. Our seams are overlapped a full inch and reinforced with seam tape both inside and out. No one else takes so many steps to ensure seams will last!
